

## PRODUCT INFORMATION SHEET

### Tool Trolley

#### Product description

3-part, modular, mobile service cabinet. Three independent modules with a box, drawers and a large storage space enable the storage of up to 45 kg of tools in an organised manner. Compact dimensions, fixed castors and telescopic folding handle allow it to be transported by car and delivered almost directly to the workplace. Ideal for service companies, car repair shops, as well as for the garage of any DIY enthusiast. An ideal solution for professionals who value mobility, security and flexibility.

#### Charakteristics

- robust metal structure with plastic sides;
- built-in castors enable quick and convenient transport of the trolley to the workplace;
- built-in, foldable aluminium telescopic handle;
- metal side clasps;
- small size and weight;
- 3 segments - each segment can be used independently:
  - **upper box** measuring 420 x 220 x 150 mm, with the load capacity of 20 kg with metal clasps. In the top cover there are 2 pull-out organisers with a transparent cover, each with 5 compartments for storing small parts and accessories and a tool tray. The box has a retractable plastic carrying handle and side handles for easy lifting and adjustment. Equipped with anti-slip elastic bands, which prevent the box from moving e.g. during transport in the car.
  - **central box** with 2 drawers mounted on ball-bearing slides. Dimensions of each drawer 390 x 215 x 60 mm, load capacity 5 kg. Flat worktop with a groove for working with power tools. The box has a retractable plastic carrying handle.
  - **bottom box** with tiltable, large drawer measuring 410 x 210 x 280 mm, with the load capacity of 15 kg, with fixed castors, telescopic handle and additional carrying handle.
